

THE DOLMAGE BUILDING

The large brick building on the corner of 1st Street and Crescent Avenue was built in 1881, one of the first larger buildings in Plum Creek. Many businesses have occupied the main floor space including Box Bros. Hardware, Allied Hardware and in more recent years lovely dress shops. Upstairs there was often a Millinery Shop in the early years and in later years a Hairdresser. Today, Lagasse's Art Studio occupies the whole building offering many different artistic items and art classes to its customers.
